

# COMPLETE DISABLEMENT COVER

## What is Complete Disablement Cover?

Insurance that pays you a lump sum amount if you become completely disabled as a result of illness or injury.

## Why do you need Complete Disablement Cover?

If you become completely disabled through illness or injury, you may only receive limited ACC cover or a basic sickness benefit. If you lose your income, you may face extra costs to assist with your daily living such as alterations to your house or paying for care. Having Complete Disablement Cover can help minimise the financial impact and allow you to make choices about the care or treatment you may require.

You will receive a lump sum amount and it's your choice how you use the money. Some examples of how this money can help are:

- › subsidise a lost income
- › cover day-to-day expenses (e.g. power, phone, food, petrol)
- › help cover debts (e.g. mortgage, credit cards)
- › assist with medical costs associated with recovery
- › seek alternative treatments
- › pay for home alterations, rehabilitation and home help.

## Some facts to think about

**There are an estimated 60,000** stroke survivors in New Zealand; many are disabled and in need of significant daily support.

(stroke.org.nz: 2018)

During the June 2018 quarter, there were **92,642 working-age people** (aged 18-64 years) in receipt of Supported Living Payment\*

\*a payment for people who have, or who are caring for someone with, a health condition, injury or disability that severely limits their ability to work on a long-term basis (Ministry of Social Development Supported Living Payment - September 2018 Quarter)

### If you're still not sure, ask yourself.

If I became completely disabled, would I have enough money to cover my current living expenses and any additional costs I may have to pay for care or house alterations? Would my family be able to support themselves without my income?

If 'no', then now is a good time to talk to your financial adviser.
